## SCRAPHEAP STORIES

Introducing our free, motivational audio stories for children! Each 10-minute story incorporates different growth mindsets, with the aim to help children become more resilient in maths and also, more generally, in life.

NumBots Scrapheap Stories feature four of the characters from NumBots, the interactive addition and subtraction platform used in your child's school.

### UNICORN AND THE BIG RACE

A story about the importance of practising little and often.

### KITTY AND THE CAMERA

A story about teamwork and the importance of asking for help.

### NINJA AND THE DANCE SHOW

A story about taking risks and overcoming fears.
