Well done to Robins who had perfect attendance this week, and will celebrate by having non-uniform day on Friday 8th November.

Please remember that holidays should not be taken in term time. If you need to check the dates of the school holidays, please see the website or ask at the office. Absence during term time for holidays will be reported to RBWM, which could result in a fine.

Donations for Box Modelling

Our Reception children are having a great time creating models from cardboard boxes, but we are running short of supplies!! Please bring any donations to the office.

After a great start to the school year, unfortunately punctuality has slipped in recent weeks. As winter approaches and the mornings are darker, we appreciate that sometimes it's hard to wake up, but being in school on time everyday is so important. Hopefully, after a restful half term, things will improve and more classes will be rewarded with extra play-times!!

Charity Fundraising

We are always amazed by the generosity of our families, and we appreciate that having 2 charity collections in one week was a big ask!

However, once again we have been delighted with the money we have raised. The Harvest collection for Guide Dogs for the Blind raised £330.01 and our Pink Day raised £437.47

Thank you!!

NOW YOU SEE ME, NOW YOU DON'T

Don't be a disappearing act this winter

Your bike should have:

- a white light on the front, with a white reflector
- a red light on the back, with a red reflector
- amber reflectors on each pedal (spoke reflectors also helpful)

Wearing bright, high vis and reflective clothing will make you more visible on the road

It is a legal requirement to make sure you ride with the correct lights when it is dark

Be careful what you wear when you're out to scare

Some fancy dress costumes are highly flammable so they can ignite almost instantly and burn fast.

-  Try to buy from a reputable store or website. Cheap costumes may not meet UK safety standards.
-  Look for a costume with a UKCA or CE mark
-  Look for a label that says: "This garment has undergone additional safety testing for flammability"
-  Remind children to stay well away from naked flames and other heat sources

Firework safety: lessons for little ones

There's no substitute for good adult supervision when it comes to preschoolers and fireworks. Even sparklers burn many times hotter than a kettle of boiling water! But you can start teaching them how to stay safe. Use our safety messages and activity ideas to make firework safety fun!

Safety messages

- Fireworks are exciting, but they can be very dangerous and can hurt you. Listen to your grown-up about where is a safe place to stand.
- Never touch a firework. Don't pick up a firework after it has been used.
- Wear your gloves when you hold your sparkler and keep it away from your body.
- Hold one sparkler at a time.
- Keep your sparkly sparkler safely away from other people and don't run around with it.
- Don't throw your sparkler in case it hits someone.
- Once your sparkler is finished, put it into a bucket of water; don't pick it back up. It stays hot for a long time and can burn you.
- Stand well away from the bonfire and stay close to the grown-ups.
- Don't be tempted to throw things into the bonfire or poke at it with sticks.
- Practice your STOP, DROP and ROLL before your fireworks celebrations.

More advice here:
www.capt.org.uk/firework-safety

Activity ideas

- Build on your work teaching children about hot and cold. Using pictures of hot things (including sparklers, fireworks, bonfires) and cold things (including a bucket of water to put used sparklers in) develop some simple games around matching/difference e.g. pairs, snap, spot the difference.
- Encourage children to make safety posters. You can print out pictures for children to use. Or use their bonfire night paintings and crafts as part of a firework's safety display in your setting.
- At circle time ask the children questions:
 - What should you wear on your hands if you are holding a sparkler?
 - Should you run around when you are holding a sparkler?
 - What should you do with a sparkler when it has gone out?
 - You must never touch fireworks. Why not?
 - Why should you stand well away from the bonfire?
- Role play children sitting at a safe distance behind a rope around a firepit or pretend bonfire.
- Practice STOP, DROP and ROLL.

STOP, DROP and ROLL

If your clothes catch fire STOP, DROP and ROLL:

1. STOP what you're doing.
2. DROP to the ground and cover your face with your hands.
3. ROLL over and over to put out the flames.
