

## Homework Expectations in Reception

### Reading books

Please could your child read **at least** three times a week. Please let us know that this has been done by signing the reading record. The books will be sent home on a Friday and should be returned by the following Thursday.

### Maths Challenge

The challenge will be sent home on a Friday and needs to be returned by the following Thursday. Please feel free to extend these challenges if your child is particularly interested in the subject matter. E.g measure other objects in the house etc.

### Numbots

Please could your child use the Numbots app at least three times a week. The children love getting their certificate at the end of the week.

### Phonics book

The book will be sent home on a Friday and should be returned by the following Thursday. Please help your child to think of some objects that feature the sounds. These can either be drawn or written. Please could you make sure your child is forming the letters correctly.

### Tricky words

Repetition is key with tricky words so we would recommend spending a couple of minutes each day doing these. Passwords are a great way of making it fun. These words can be put on your child's door and every time they enter the room they have to say the words. Or they can be put by the bathroom sink and every time they brush their teeth they have to say them.
